SUMMARY

Current Information Technology student with hands-on experience in UX design and web development. Proven ability to adapt to changing needs, with a strong foundation in user experience design.

EDUCATION

BA Information Technology

Sep 2020 - Apr 2024 (Expected)

York University

Relevant Courses: Designing User Interfaces, Web Technologies, Introduction to Data Analytics

EXPERIENCE

Product Design Intern

Jun 2023 – Aug 2023

RamSoft, Toronto, ON

- Collaborated with product design team to enhance web application responsiveness, improving user experience and interface efficiency.
- Articulated and executed design concepts, contributing to the creation of engaging and user-friendly pages.
- Implemented an organized file system for design assets, streamlining workflow and enhancing team productivity.

Code Sensei

Sep 2022 – Jun 2023

Code Ninjas, Brampton, ON

- Assisted students with creating various projects utilizing Scratch, Python or JavaScript which involved animating stories, game design, simulations, and web development concepts.
- Conducted regular assessments of students' progress, providing feedback to parents, and recommending learning paths based on each child's strengths, weaknesses, and goals.
- Utilized agile methodology to plan and execute daily instructional activities, adapting quickly to changes in student needs and interests while ensuring consistency across multiple classrooms simultaneously.
